## LOCATION

Trailhead is about 7.8 miles south of Highway 24 on Notom-Bullfrog Road.

## TRAIL TYPE

Out-and-back hiking route through open wash into slot canyons; no dogs allowed.

## TRAIL DESCRIPTION

The route starts as an easy walk through an open wash before transitioning around three miles in to slot canyons with white Navajo Sandstone formations, emphasizing solitude and geological beauty.

## DIFFICULTY NOTES

Rated strenuous because the slot canyon section presents obstacles that require technical climbing gear to complete the full route.

## KNOW BEFORE YOU GO

No Dogs, No fees. Nearest services: Hanksville, Torrey. Pack out everything you pack in. Flash floods can hit canyons fast from distant storms — check the forecast first.

## EQUIPMENT

Technical climbing gear for the full slot canyon route; standard hiking gear otherwise.

## COORDINATES

38.18131, -111.09431 (Trailhead)

Coordinates are a navigation aid — conditions change, so always verify current road and trail status before you go.

## SAFETY

Travel with at least two people, carry a first aid kit, and notify someone of your planned route; cell service is unreliable.

## TRAIL TIP

Wear shoes or sandals suited for walking in water; you'll likely wade through pools along the way.
